COVID-19 CORONAVIRUS

What Can You Do To Control The Spread Of The Virus?

Personal Protection Equipment (PPE)

Hand Sanitizer

Disposable Face Masks

Disposable Gloves

Cleaning Agents & Disinfectants

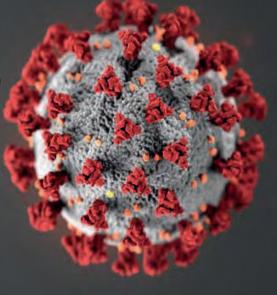

Effervescent Disinfectant Tablets

Hospital Grade Disinfectants Ready-to-Use / Concentrates

Hydrogen Peroxide Cleaners

Devices For Air & Surface Disinfection

Hydroxyl Generators

Electrostatic Sprayers

Air Scrubbers

Disinfecting & General Cleaning Wipes

ELIMINATES 99.9% OF ALL GERMS

- EPA N List: Disinfectants for Use Against SARS-CoV-2 EPA# 34810-36*
- Effectively cleans, disinfects and deodorizes all hard washable surfaces.
- Perfect for commercial, industrial, institutional, and household use.
- Use in schools, daycare, offices, restaurants, healthcare clinics, gym facilities, etc.
- Light lemon scent

ITEM #BS136345

ITEM #BS136798

400 wipes per bucket / 4 buckets per case

160 wipes per tub / 12 tubs per case

*In addition to being included on List N, the product has successfully passed third party testing against SARS-CoV-2 (the COVID-19 virus) in 30 seconds. This data is under review and awaiting EPA approval. Please use product according to label instructions.

Germisept[®] Multi-Purpose 75% Alcohol Wipes

ITEM #BS136372

800 wipes per bucket / 2 buckets per case / 42 cases per pallet

ITEM #BS136583 - Germisept Refills - 2 packs of 800 wipes per box

SAN

HAND SANITIZER

ITEM #BS135966

- Refreshing gel with clean scent
- Contains 70% alcohol
- Kills germs without soap and water
- 4 1 Gallons and 1 pump per case*

*Additional gallon pumps are sold separately

OPTIONAL ITEM #BS135961

HAND SANITIZER Kills Germs

Without Soap & Water REFRESHING GEL • CLEAN SCENT

NET CONTENTS: 1 GALLON

Hands-Free Sanitizer Dispenser Stand Combo

ITEM #BS136422

- Hands-free and fully automatic
- 1200ml bulk refillable cartridge
- Easy to use with gallon bottles of hand sanitizer
- Dimensions: 7.8 in x 45.2 in 67.3 in
- Takes (4) C batteries

Foam Hand Sanitizer

ITEM #BS136042

- Kills 99.9% of illness-causing germs.
- Contains TWO ACTIVE GERM KILLING INGREDIENTS
 - ✓ 70% Isopropyl Alcohol (CDC, EPA Recommended Levels
 - ✓ Benzalkonium Chloride
- Encapsulated alcohol technology keeps alcohol active and working longer.
- Made with organic essential oils to keep hands moisturized.
- Foam provides more volume compared to gel, therefore the end-use cost is less.

18.6 oz Pump Bottles

NEW LARGER PACK SIZE

- **12 Bottles Per Case**
- **112 Cases Per Pallet**

GClean

foaming band sanitizer

Ready To Use Thymo-Cide

ITEM #BS136671

- EPA N List: Disinfectants for Use Against SARS-CoV-2 EPA# 34810-25 Thymol*
- One-step broad spectrum cleaner, disinfectant & deodorizer
- Active ingredients: Thymol
- Tuberculocidal, germicidal, fungicidal, virucidal
- Low pH
- Ideal for Healthcare & Schools
- HMIS rating of 0
- 12 Quarts per case
- Triggers sold separately

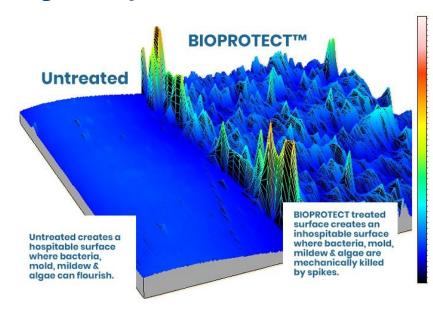

*In addition to being included on List N, the product has successfully passed third party testing against SARS-CoV-2 (the COVID-19 virus) in 60 seconds. This data is under review and awaiting EPA approval. Please use product according to label instructions.

Ready to Use BioProtect

ITEM #BS136572

- Antimicrobial technology that provides continuous and persistent protection of surfaces for up to 90 days
- Water-based
- Can be applied to both porous and non-porous surfaces
- Effective against a broad range of microbes
- Inhibits the growth of odor causing, and stain causing bacteria, mold, mildew, fungi and algae
- EPA Reg. # 87583-3
- 4 gallons per case

Non-Contact Forehead Thermometer

ITEM #BS136049

STOP deadly viruses in their tracks!

Cdiff | Enterovirus | Norovirus | Influenza | Coronavirus

4-minute disinfection against *C. difficile* spores, TB and more. 1-minute disinfection against Norovirus, Hepatitis A Virus, Hepatitis B Virus, Hepatitis C Virus, and HIV-1. Effective against bacteria and viruses (non-enveloped and enveloped), encompassing both known and emerging pathogens, including 2019 Coronavirus (2019-nCoV)*.

*BruTab 6S has demonstrated effectiveness against viruses similar to Novel Coronavirus (2019-nCoV) on hard, porous and non-porous surfaces. Therefore BruTab 6S can be used against Novel Coronavirus (2019-nCoV) when used in accordance with the directions. Refer to CDC website at https://www.cdc.gov/coronavirus/2019-ncov/index.html for additional information.

Bleach vs. Brutab 6S Comparison

Germicidal Bleach

Effective against COVID-19 in 10 minutes.

Corrosive - HMIS Rating of "3"

Shelf life - unopened 6 months, and 24 hours after mixed

Dilution Rate - 12 ounces per 1 gallon of water

Unsafe for use around children as the active ingredient is Sodium Hypochlorite.

Ph Value: 12

Complex - Must use a measuring cup

Brulin Brutab 6S

Effective against COVID-19 in 1 minute.

Safe - HMIS Rating of "1"

Shelf life - unopened 3 years, and 3 days after mixed

Dilution Rate - 2 tablets per 1 gallon of water

Safe for use around children as the active ingredient is similar to pool water.

Ph Value: 6.5

Simplicity - 2 tablets in 1 gallon

Performex[®] RTU

Ready-To-Use Disinfectant Cleaner

Broad Spectrum Coverage

Full Facility Use

One Product Fits Multiple Needs

Effective Against Known and Emerging Pathogens, Including Novel Coronavirus (2019-nCoV), in Two Minutes or Less!

Brulin

Efficacy / Dwell Times

- 2 minutes Salmonella Enterica, Staphylococcus Aureus, MRSA, VRE, and non-enveloped Norovirus and Rhinovirus.
- 1 minute Non-enveloped Human Rotavirus and Bloodborne pathogens (HBV and HCV)
- 30 second Bloodborne pathogen HIV-1, and Avian Influenza Virus
- 5 second Non-Food Contact Surface Sanitizer Staphylococcus Aureus, and Klebsiella Pneumoniae

Broad spectrum coverage quickly combats the spread of pathogens on high touch surfaces

Cleans / Disinfects / Deodorizes

Performex[®] RTU Ready-To-Use Disinfectant Cleaner

One-step hospital-use germicidal cleaner and deodorant designed for general cleaning, and disinfecting hard, non-porous inanimate surfaces. Disinfects / Sanitizes in as little as 5 seconds. Quickly removes dirt, grime, food residue, blood and other organic matter commonly found in health care facilities. Eliminates odors leaving surfaces smelling clean and fresh.

Performex[®]

One-Step Disinfectant Cleaner

ITEM #BS135877

5 Minute Disinfection/Virucidal Efficacy

Brulin

Faster and more consistent contact times for a broad spectrum of pathogens. Allows for quicker room changeover, saves time and labor

Effective Against Known and Emerging Pathogens Including SARS-CoV-2 (COVID-19)

Disinfection and Virucidal Efficacy Against Significant Human and Animal Pathogens, in <u>5 Minutes</u>, including:

- Human Coronavirus
- SARS Associated Coronavirus (SARS)
- Norwalk virus Norovirus
- Acinetobacter baumannii
- Enterobacter cloacae NDM 1 Carbapenem Resistant (CRE)
- Enterococcus faecalis Vancomycin resistant (VRE)
- Escherichia coli NDM-1 Carbapenem Resistant (CRE)
- Klebsiella pneumoniae NDM 1 Carbapenem Resistant (CRE)
- Staphylococcus aureus Methicillin-Resistant (MRSA)
- Staphylococcus aureus Vancomycin Resistant (VRSA)

See Testing Summary for complete list.

Broad spectrum coverage quickly combats the spread of pathogens on high touch surfaces

Neutral pH

Use-dilution neutral pH allows use of one product for both floors and other hard non-porous surface applications. Will not harm the finish gloss.

Versatile for full facility use

Dilution Control Dispensing

Delivers correct dilution every time, no measuring or mixing required.

Controls usage and cost

Clean & Shine Neutral Disinfectant

Concentrated

- Pleasant Fragrance
- Broad spectrum neutral pH cleaner & disinfectant

Broad Spectrum Coverage	Full Facility Use	Cleans, Disinfects Sanitizes & Deodorizes

ITEM #BS130044

Neutral pH Hard Surface Cleaner & Disinfectant

Clean & Shine is a broad spectrum neutral cleaner and quaternary ammonium (Quat) hard surface disinfectant. It is designed for use in hospitals, nursing homes, schools, and other facilities in order to control the spread of germs. Its neutral pH does not effect the gloss of floor finishes.

One-Step" Hospital Disinfectant, Virucide, Bactericide, Fungicide, and Mildewstat

When used as directed, this product will deliver effective biocidal action against bacteria, fungi, and viruses. This formulation is a blend of a premium active ingredients: surfactants, chelates, and water. Dilute 2 oz. per gallon or 1:64.

Use on non-porous surfaces such as floors, walls, and countertops. Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu).

10 minute disinfection against C. difficile spores, TB, Norovirus, Hepatitis A Virus, Hepatitis B Virus, Hepatitis C Virus, and HIV-1. Effective against bacteria and viruses (non-enveloped and enveloped), encompassing both known and emerging pathogens, including 2019 Coronavirus (Covid-19)*.

A Healthier Way to Clean®

H2O2 Orange Cleaner Concentrate 116 ITEM #BS120234

Absolute Envirox Multi-Purpose Cleaner 113 ITEM #BS133764

Unique hydrogen peroxide technology in a multi-purpose, neutral pH cleaner with cold-pressed Orange Oil. Perfect for general cleaning, deodorizing, degreasing and more.

ECOLogo and Green Seal Certified

Critical CareTM DISINFECTANT-FUNGICIDE-VIRUCIDE*

ITEM #BS116049

- 30 second+ immediate disinfection
- 24-hour[§] residual bacteria kill
- Odorless-no harsh disinfectant smell
- Disinfectant-Fungicide-Virucide
- Reduced toxicity- HMIS Health = 0
- Ready-to-use
- No sticky or dulling residue
- Kills MRSA in 2 minutes

Recommended for use in combination with H₂Orange₂ Concentrate 117[™] for complete, low toxicity cleaning, sanitizing and disinfecting.

30-Second⁺ Kill / 24-hr.[§] Residual Kill Fast, Easy, Effective.

Fastest kill times, 24 hour[®] residual kill, lowest toxicity

Critical Care is formulated to use on critical disease transfer points. Use it in combination with H_2 Orange₂ Concentrate 117TM multi-purpose cleaner-deodorizer-sanitizer, and eliminate elevated toxins from your cleaning and disinfecting program.

⁺ Organisms controlled with 30 second kill time [§]When used as directed provides protection from *Pseudomonas aeruginosa, Staphylococcus aureus* and *Salmonella enterica* up to 24 hours after initial application.

KaiVac[®] 1250 Series

The KaiVac 1250 series is the smallest of the No-Touch Cleaning systems yet it delivers the same industrial strength capabilities as our other systems. The lightweight and upright design of this versatile system makes them extremely easy to maneuver, move up or down stairs or load into a vehicle. In fact, its compact footprint enables them to set on many standard janitors' carts, including those from Rubbermaid[®] and Continental[®]. It's perfect for smaller jobs or facilities, like elementary schools, nursing homes, daycare centers, c-stores, restaurants, residential and more.

Complete Cleaning for Healthy Results

Like all No-Touch Cleaning systems, the KaiVac 1250 series is specifically designed to thoroughly capture and remove soil, bacteria and other harmful indoor pollutants. Each system combines automatic chemical metering and injection, an indoor pressure washer, and a powerful wet vacuum into a single integrated deep cleaning system. As a result, they're scientifically proven to be 60 times more effective in reducing bacterial contamination than mops; which are more likely to spread contaminants than recover them. In fact, they clean so well that they even beat the industry standards for food preparation areas. Besides cleaning better, they also cut labor and chemical costs while inspiring worker pride.

Multipurpose Attachments for Total Building Cleaning

Like all No-Touch Cleaning systems, the versatile 1200 systems accommodate an array of add-on components that instantly transform them into true multipurpose machines.

Highlights

- Choice of 500 psi or 150 psi pump
- Removable "black box" engine compartment for rapid repair and exchange
- Extremely light and maneuverable
- HEPA filtered vacuum and blower
- Perfect for climbing stairs or loading into vehicles
- Fits on a janitor's cart
- Supports wide range of multipurpose adapters
- Environmentally friendly design and methods
- Part of a complete system including a full line of Green Seal certified cleaning chemicals

Contact us today for a free on-site demonstration and see the benefits of No-Touch Cleaning for yourself.

KaiVac[®] 1750 Series

The KaiVac® 1750 No-Touch Cleaning® system combines high capacity, compact size and a reduced price to deliver the highest value possible in this fast growing category.

Designed for total soil removal, No-Touch Cleaning combines an indoor pressure washer, chemical injection and wet vacuum technologies onto a single space-efficient platform. Workers simply spray cleaning solution on fixtures and floors, and then blast the soils to the floor with a high-pressure water spray. Finally, they vacuum the floor dry, completely removing soils and bacteria. The results are sparkling clean restrooms, kitchens, stairwells and more without ever touching a contaminated surface. No more soil, no more odor, no more complaints.

Multipurpose for Total Building Cleaning

Like all No-Touch Cleaning systems, the versatile 1750 series accommodates an array of add-on components that instantly transform them into true multipurpose machines.

Highlights:

- 150 or 500 psi pump
- HEPA filtration
- Small footprint and height for easy maneuvering and worker acceptance
- Removable "black box" engine compartment for rapid repair
- CRI Silver-Rated carpet extraction capability
- Perfect for climbing stairs and loading into vehicles
- Breaks apart for maximum portability
- Part of a complete system including a full line of cleaning chemicals

Multiple patents and patents pending

Contact us today for a free on-site demonstration and see the benefits of No-Touch Cleaning for yourself.

SLIMLINE[™]

GREEN TECHNOLOGY AT WORK

ITEM #BS118664

SLIMLINE[™]

THE ODOROX[®] SLIMLINE[™] UNIT IS DESIGNED FOR CRITICAL GERM / VIRUS ELIMINATION. IT PROCESSES A HEAVY CONCENTRATION OF HYDROXYL PARTICLES USING AMBIENT MOISTURE FROM THE AIR.

ADDITIONAL USES INCLUDE:

- Fire and Water Damage
- Toxic Odors
- Volatile Organic Compounds (VOC)
- Mold

The **SLIMLINE[™]** unit is equipped with a variable speed fan control and a washable filter. The built-in fan only draws 1.4 amps and is adjustable up to 500 cfm. It is perfect for small buses, medical offices, classrooms, commercial offices, etc.

Each unit can treat UP TO 1000 SQ.FT.

SPECIFICATIONS:

- Dimensions: 18" x 5.2" x 25"
- (457mm x 133mm x 635mm)
- Weight: 17.6lbs, 7.9kg
- Voltage: 120V @ 60Hz / 220V @ 50/60Hz
- Power: 170 Watts (Max)
- Control: Speed Control
- Mobility: Handle / Stand Brackets
- Finish: Black or Beige powder coat
- Noise Level: <55dBa
- Number of Optics: 1
- Air Inlet / Outlet: Louvered panel
- Fans & Rating: One 500 CFM
- Fan Speed: 200ft3/m
- (based on 230VAC, 50Hz fan set on high speed)
- Filters: One, 5" x 12.5" x 0.25"
- (127mm x 317.5mm x 6.4mm), Washable
- Certification: Meets Canada / US CSA & UL Standards, Meets CE, REACH, & RoHS, Residual O_3 / Non-accumulative

BOSS[™]

THE ODOROX[®] BOSS[™] UNIT IS DESIGNED FOR CRITICAL GERM / VIRUS ELIMINATION. IT PROCESSES A HEAVY CONCENTRATION OF HYDROXYL PARTICLES USING AMBIENT MOISTURE FROM THE AIR.

ADDITIONAL USES INCLUDE:

- Fire and Water Damage
- Toxic Odors
- Volatile Organic Compounds (VOC)
- Mold

The **BOSS**[™] unit is equipped with a selector switch for 1 or 2 hydroxyl generating optics and a washable filter. The built-in fan only draws 1.9 amps and is adjustable from 250 to 500 cfm. Using the fan's low setting treats small areas such as nurse's offices, buses, small classrooms, offices, etc. The high setting to treats larger areas such as locker rooms, large classrooms, conference rooms, etc.

SPECIFICATIONS:

- Dimensions: 18.25" x 12.1" x 25.25"
- (464mm x 308mm x 641mm)
- Weight: 39lbs, 17.7kg
- Voltage: 120v @ 60Hz / 220V @ 50/60 Hz
- Power: 230 Watts (max)
- Control: Speed Control / Selector Switch
- Meter: 1/10 quartz hour meter
- Mobility: Handle / Rubber feet / Optional wheeled cart
- Finish: Bronze powder coat
- Noise Level: <55 dBA
- Number of Optics: 2
- Air Inlet / Outlet: Louvered Panel
- Fans & Rating: One 629 CFM
- Fan Speed : 230 ft³/m
- (based on 230VAC, 50Hz fan set on high speed)
- Filter: One 9" x 18" x 1"
- (228.6mm x 457.22mm x 25.4mm), Washable
- Certification: Meets Canada / US CSA Meets CE, REACH, & RoHS, Residual $O_{_3}$ / Non-accumulative

Each unit can treat UP TO 2000 SQ.FT.

BOSS XL3TM Hydroxyl Processor

BOSS XL3[™]

THE ODOROX[®] BOSS XL3[™] UNIT IS DESIGNED FOR CRITICAL GERM / VIRUS ELIMINATION. IT **PROCESSES A HEAVY CONCENTRATION OF** HYDROXYL PARTICLES USING AMBIENT **MOISTURE FROM THE AIR.**

ADDITIONAL USES INCLUDE:

- Fire and Water Damage
- Toxic Odors
- Volatile Organic Compounds (VOC)
- Mold

The **BOSS XL3[™]** unit is equipped with a selector switch for 2 or 3 hydroxyl generating optics and a washable filter. The builtin fan only draws 1.6 amps and is adjustable from 250 to 500 cfm. Using the fan's low setting treats locker rooms, large classrooms, conference rooms, etc. The high setting treats hallways, athletic facilities, and other similar large areas.

Each unit can treat UP TO 3500 SQ.FT.

SPECIFICATIONS:

- Dimensions: 11.12" x 20.25" x 20.25
- (514mm x 283mm x 514mm)
- Weight: 25lbs, 11.4kg
- Voltage: 120V @ 60Hz / 220V @ 50/60Hz
- Power: 180 Watts (max) Without Blower
- · Control: Selector Switch & Pressure / Switch which activates from positive air flow

designed to kill harmful germs in the air and on surfaces!

- Meter: 1/10 guartz hour meter
- Mobility: Handle / Rubber feet
- Finish: Bronze powder coat
- Number of Optics: 3
- Air Inlet / Outlet: Louvered panel / 7" (117.8mm) Spout
- Filter: One 9.75" x 10.68" x 0.50" (247.7mm x 271.3mm x 12.7mm)
- · Certification: Meets ETL Canada / US CSA & UL Standards, Meets CE, REACH, RoHS, Residual O₃/Non-accumulative

HEPA 500 Air Scrubber

ITEM #BS133149

High Volume Air Processor designed to capture harmful germs in the air! Rugged-built, high-efficiency air filtration. Restore and maintain indoor air quality during cleaning, remodels and remediation. Suitable for use in homes, light industrial settings, schools, hospitality venues and healthcare environments – wherever portable, efficient HEPA filtration is needed.

Features

- One Primary HEPA Filter and One Pre-filter
- Filter Change Indicator Light for HEPA Filter
- Ability to Daisy Chain
- Variable CFM
- Lightweight, Stackable, Easy to Transport

Air Movement: 250-500CFM / **Weight:** 44lbs / **Dimensions:** 26.2 x 24.6 x 18.2 in.

A3S Air Scrubber

This unit can scrub 1,000 cu/ft in 4 minutes, 10,000 cu/ft in 46 minutes

ITEM #BS136048

- Single speed air scrubber with dual HEPA rated filters.
- ✤ Filters airborne particles as small as .3 micron.
- HEPA filters tested in accordance with IEST-RP-CC007 standards.
- Air scrubber traps airborne viruses, mold, mildew, dust and bacteria.

- 1/3 HP
- Single Speed
- 2.9 AMPS
- 115 VAC
- 60 HZ
- 24.2 LBS
- 68Db
- ETL Certified
- 1050 CFM
- 25' Power Cord

Mist-It Electric Powered Misting Disinfectant Applicator

- 2 gallon solution tank
- Compatible with most commercial disinfectants
- 25 ft power cord
- 25 ft solution hose
- Extended applicator wand to allow operator to reach high and low areas with ease

ITEM #BS136044

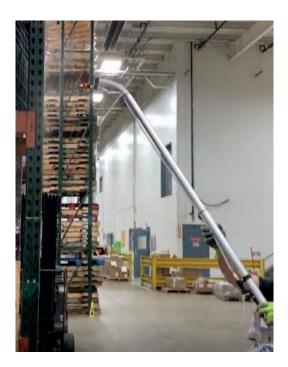

Safety

Ground fault circuit interrupter shuts off machine in the event of an electrically hazardous situation protecting the operator from electric shock

Mist-It!

Misting Disinfectant Sprayer

FG-15

15 Gallon Fogger/Mister

PREMIUM SPECIFICATIONS. INDUSTRY INNOVATION. VESATILITY DISCOVERED.

The new FG-15 is a versatile foam or mist unit, effective droplets at 15 microns, and overall capacity provides superior productivity while large area disinfection. The unit will out perform the commonly used handheld machines on the market today. The large 15 gallon tank provides continual usage - a one stop chemical source. Fill it and disinfect your entire facility.

APPLICATIONS:

The Pacific FG-15 fogger/mister system is a powerful, consistent, and versatile unit for nearly every surfaces. Use for daily disinfecting floors, walls, ceilings and more

- Hallways, Banquet areas, rooms
- Patient rooms
- Classrooms, Weight rooms, Locker rooms, Restrooms
- Health clubs

- Transportation
- Class A office buildings
- Supermarkets, Carts
- Municipalities
- Sports & Recreational complexes
